Dear Mr. Holden:

Your notice to conduct mining related operations on your claims, BLM serial numbers, UMC 131057 - 131061 in T. 11 S., R. 5 W., Sec. 17, has been received and accepted by this office. Your notice has been assigned case file number UT-054-91-20N. Please use this number in any future correspondence concerning this notice.

If you change your operation from what is described in your notice, please contact this office prior to the change. If your operations extend for more than one year, please advise this office of the status of your mining related activity on the anniversary date of your notice.

Enclosed is a copy of the Standard Operating Procedures required by the Richfield District, House Range Resource Area. Please follow these guidelines as they pertain to your operations.

As you are aware, your claims are near private land. Our acceptance of your notice is only effective in so far as BLM administered lands are involved. If you are not the land owner of the adjacent parcels, we recommend that you obtain permission from adjacent land owners before you begin your operations.

A copy of your notice has been sent to the Utah Division of Oil, Gas and Mining (DOGM); therefore, you will not have to file this notice with DOGM. However, reclamation under this notice is required to conform to the standards of the Utah Mined Land Reclamation Act. Also, all mining claimants and operators that plan to use, store, or divert water are required by Utah statute to notify the Utah Department of Water Resources at:

1636 West North Temple  
Salt Lake City, Utah 84180-1203

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands during your operations. Please

0001

notify this office upon completion of operations and reclamation, so an inspection may be conducted on the site.

On September 3, 1991, a preliminary inspection was made on this site. Nancy Shearin, our archaeologist, found a rock art site. She has flagged the site and asked that you please do not disturb this area. Thank you for your cooperation in this matter.

Acceptance of your notice will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notice.

Thank you for submitting your notice. If you have any questions regarding this letter, please feel free to contact Rody Cox at (801) 743-6811.

Sincerely,

SIGNED

Rex Rowley  
Area Manager
